PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Patent Number: 4,818,816

Issued: April 4, 1989

Name of Patentee: Petitou, et al.

Title of Invention: PROCESS FOR THE ORGANIC SYNTHESIS OF OLIGOSACCHARIDES AND DERIVATIVES THEREOF

Commissioner of Patents and Trademarks

Washington, D.C. 20231

ATTENTION: Decision and Certificate of Correction
Branch of the Patent Issue Division

REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT FOR
APPLICANT'S MISTAKE (37 CFR 1.323)

1. It is noted that an error appears in this patent of a

- ☒ clerical
☐ typographical
☐ minor

CERTIFICATE OF CORRECTION BR.

nature or character as more fully described below and occurred in good faith and correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination and a certificate of correction is requested.

2. Attached hereto in duplicate is Form PTO-1050 with at least one copy being suitable for printing.

NOTE: Form PTO-1050, using the column and line number in the printed patent, should be used exclusively regardless of the length or complexity of the subject matter. MPEP § 1485.

NOTE: The patent grant should be retained by the patentee. The PTO does not attach the certificate of correction to the patentee's copy of the patent. The patent grant will be returned to the patentee if submitted. MPEP § 1485.

Page 17, line 23 of the application as filed correctly states that the "U" unit has an orthoester group. "U" refers to a uronic acid unit, as shown at page 2, line 5 of the application. In the issued patent the orthoester group is incorrectly recited as part of a "glucosamine" instead of a "uronic acid" unit in claim 13, line 20 and claim 29, line 20.

Figure 12, compound 54, of the application as filed correctly shows the reactive group at the far right side of compound 54 as "OC(NH)CCl₃". In the issued patent the reactive group is incorrectly shown as "C(NH)CCl₃" in claim 14, line 18, claim 30, line 18, and claim 49, line 26.

(Request for Certificate of Correction of Patent for Applicant's Mistake (37 CFR 1.323)

[14-2]—page 1 of 3)

050 04/19/90 074818816

I hereby certify that this correspondence is being deposited with the United State Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C.

REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
FOR PTO MISTAKE (37 CFR 1.322(a))

1. Attached in duplicate is Form PTO—1050 with at least one copy being suitable for printing.

NOTE: Form PTO—1050, using the column and line number in the printed patent, should be used exclusively regardless of the length or complexity of the subject matter. MPEP § 1485.

NOTE: The patent grant should be retained by the patentee. The PTO does not attach the certificate of correction to the patentee's copy of the patent. The patent grant will be returned to the patentee if submitted. MPEP § 1485.

2. The exact page and line number where the errors occur in the application file are:

NOTE: This information should be identified in this request, however, on Form PTO—1050, only the column and line number in the printed patent should be used. MPEP § 1485.

The Declaration included with parent application Serial No. 451,615 filed on December 20, 1982 indicated that the parent application was directed to the national phase of PCT/FR 82/0076 filed April 28, 1982 and claimed priority of FR 81 08472 filed April 28, 1981.

The Filing Receipt issued in Serial No. 07/115,593 lists the proper foreign priorities including PCT FR 82/0076 and twelve french priorities.

In claim 184, at page 26 of the Amendment filed February 16, 1988 the compounds shown depict the following:

Compounds I - XII correctly show "R'" at the far left of each figure, not "R". "R'" is also correctly shown at page 28 of that Amendment, four lines from the bottom.

Compound V is correctly shown having an "C₀" bond, not an "C₀" bond.

Compound VII is correctly shown having all "COOM" groups shown "COOM"

Compound XII is correctly shown having the "COOM" group in the middle as "COOM"

I hereby certify that this correspondence is being (Request for Certificate of Correction—PTO Mistake [14-1]—page 1 of 2)

deposited with the United State Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231, on April 12, 1990

Yvette Morales

3. The exact page and line number where the error occurs in the application file are:

NOTE: This information should be identified in this request, however, on Form PTO-1050, only the column and line number in the printed patent should be used. MPEP § 1485.

Page 31, line 18 recites that "R" is an imidoysl group. The compounds, for example compound IV at page 31, line 1, correctly show the group "OR", i.e. "O-imidoysl". In the issued patent claim 48, line 25, incorrectly recites "lower imidoysl" instead of "O-lower imidoysl". Claims 12 and 29 correctly recite "O-lower imidoysl".

3. Please send the Certificate to:

Name: Seth H. Jacobs

Address: Davis Hoxie Faithfull & Hapgood, 45 Rockefeller Plaza,
New York, NY 10111

CERTIFICATE OF CORRECTION

PATENT NO. : 4,818,816
DATED : April 4, 1989
INVENTOR(S) : Petitou, et al.

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Claim 13, line 19, at Col. 73, line 58 should read:

"3. an orthoester formed between carbon 1 and carbon 2 of a uronic acid unit."

Claim 29, line 19, at Col. 77, line 46 should read:

"3. an orthoester formed between carbon 1 and carbon 2 of a uronic acid unit."

Claim 49, line 27, at Col. 85, line 18 should read:

"3. an orthoester formed between carbon 1 and carbon 2 of a uronic acid unit."

Claim 14, line 18, at Col. 73, line 9, should read:

"4. $\text{OC}(\text{NH})\text{CCl}_3$."

Claim 30, line 18, at Col. 78, line 3, should read:

"4. $\text{OC}(\text{NH})\text{CCl}_3$."

Claim 48, line 25 at Col. 84, line 34, should read:

"2. O-lower imidoyl"
